

INORMS Awards for Excellence in Research Management Leadership

In 2018, the INORMS Council created the INORMS Awards for Excellence in Research Management Leadership to raise awareness of the Research Management and Administration (RMA) profession and celebrate the achievements of leaders in our field.

Award winners are not only leaders in their own countries but leaders internationally. They are RMA professionals who have made substantial contributions to and advanced the understanding of the profession, who have shared their knowledge around the world and raised the profile of RMA outside our community.

INORMS 2021
